

I have nothing
definite to report
with regard to the
Linacre chair -
except that many
friends urge me to
apply for it.

Your kindness &
that of Mr John Evans
to me at Monte Carlo
did much to make
my holiday a success.

Believe me
Sincerely yours

Ray Lankester

Dear Lady Evans -

I have taken the
liberty of sending to
you a copy of my
book on Extinct
Animals. which will
perhaps amuse your
little girl & I hope
have some interest
for you - although
it does not profess

to be an elaborate
treatise -

I hope you got home
comfortably & safely.
(These blots are due
to that invention of
the evil one - a
fountain pen -)

I had a very cold
day at Marseille,
& a wet week
in Paris - including
the much-dreaded
1st of May.
